OFFICIAL PAPER OF DICKINSON COUNTY

VOL. XXXV

ABILENE, KANSAS, THURSDAY MORNING, JULY 18, 1918

NO. 44

Baby Bonds Went Over in Dickinson

Dickinson county has completed its War Savings Stamp drive with a record of exceeding its quota—as it does in every war call. The total amount pledged was \$440,890 and this with the previous sales gives the county \$557,962, or \$53,000 more than its quota. Much credit is due to the chairman of the campaign, R. M. White, who gave much time and effort to the work, and to the school officers of the county under whom the drive was conducted. The complete report by districts is:

Why We Are for Roy Williams For Sheriff

A Plain Talk to Republicans by His Home People

The Republicans of Dickinson County Should Nominate for Sheriff Roy Williams of Enterprise

Because We, his neighbors, who have known him for twelve years, believe in his ability, to serve the people of this County as Sheriff in a thoroughly capable manner.

Because As a farmer, business man, banker, he has made a success of his undertakings and lived up to his promises.

Because He is square, clean, outspoken for what he believes to be right in law and order, and will administer justice to all the people regardless of creed or political faith.

Because The appearance of a man of robust stature has a unique bearing in creating order.

Because We want a man who will play no favorites after election and be square in all his public acts.

Because He is a staunch REPUBLICAN and has always stood by the ticket. He is asking for the nomination "Subject to the Republican Primaries" and even though defeated for the nomination he will be found supporting the Republican ticket. This is the kind of man we want to nominate.

We ask every Republican in Dickinson County to boost Roy Williams for Sheriff and assure you that you will have a candidate of whom you will feel proud. Your vote and influence will be appreciated.

YANKEES ATTACK TAKE BACK TOWNS

Germana Withdraw For a Considerable Distance

LARGE U. S. FORCE ENGAGED

The French Have Made Rapid Progress and All Through The Section, The Germans Were Attacked

Dispatches Thursday morning give the following summary of events on all fronts: The Germans have advanced on a front of six miles to a depth of one and a half miles at Rheims mountain; The French have retaken all other ground that they lost and are now holding their original positions; The American troops were attacked this morning by the Hunns but the attacks were quickly repulsed by the Yankee troops; No where have the allied lines been broken by the fifth Hun offensive. Quentin Roosevelt, son of Colonel Roosevelt, was killed while taking part in an aerial battle. The Germans have lost over 100,000 men since the present offensive started.

With the American army on the Marne, July 17.—French and American forces, fighting together, have recaptured the village of St. Agnan, Hill 223 to the northwest, and La Chapelle-Montbodon.

In co-operation with the French the Americans launched a heavy counter attack this morning between these two villages, driving the enemy steadily back.

On the American right, the French made rapid progress and all thru the section the Germans were fiercely attacked by the allies, with the result that they have withdrawn for fifty large forces of Americans have been engaged, especially in the region of Descrievs, where they were brought up to support the attacking French. Within a short period the Americans were hotly engaged in the fighting.

J. H. ENGLE TAUGHT AT LAKE GENEVA SCHOOL

"If 'change is rest' I might claim to have had a vacation," says J. H. Engle just back from the International Sunday School Convention at Buffalo and from the training school at Lake Geneva, Wis., "but every religious assembly worthy of the name is surcharged with patriotic concern and finds little time for rest or play.

"Patriotic pageantry in the Wisconsin woods by a Boston music master was one diverting feature of the Lake Geneva summer school. It was staged by Professor H. Augustine Smith of Boston University who has dedicated his life to the interpretation of religious music. His point of attack is through the Sunday school whose music is conceded to be a facile instrument in need of improvement. Slide trips to Niagara Falls at Buffalo and a steamboat circuit of Lake Geneva afforded slight relaxation for the delegates and students."

The next international convention comes to Kansas City, 1922. Fourteen Kansans enrolled at Buffalo. Six student were enrolled from this state at Lake Geneva including Mrs. S. H. Keefe of Bucklin, a member of the class of 1918. Mr. Engle taught one of the courses this year.

ELMO'S BIG CHINA HOG MAN HAS SUCCESS WITH VACCINE

J. J. Hartman of Elmo has made a fine record in vaccinating his hogs. He has been at it for several years and in that time has treated 2,379 head and out of that number only 21 head have died. In the early days he lost a great many head but after many trials he knows where to get the best serum and knows how to use it. He not only treats his own hogs—over 300 now being in his pens—but helps others whenever he has the time. Mr. Hartman has made good as a hog man and the county is fortunate in having him.

Draft Calls That Reach Many Here

The local board gave out more classifications Tuesday afternoon. Nearly all of the 1918 registrants are being placed in the first class. In the list announced Tuesday, eleven Abilene boys were placed in class one. These men will probably be called soon as only 65 of the 1917 class one men remain.

Following is the list given out Tuesday:

Class One

WILL HAVE MOTOR RACES AT FAIR GROUND JULY 25.

Johnny Mais, who promoted the races held here a year ago, will put at least four big automobile races at the Dickinson county fair ground tracks on Thursday, July 26 at 2 p. m. The races promise to be exciting ones.

Already the following well known

drivers have entered: Johnny Mais, Willis Young, Rex Kent and Glenn Breed. The races will be real ones and the best car will win.

A special exhibition drive will be made by Elfredia Mais, the world's champion lady driver. She has driven cars in nearly all of the big fairs and automobile races in Kansas. She has a record of making a mile in 1:10. Probably other automobile feature races will be held.

IF YOU LOSE YOUR BONDS

A decision regarding the loss of Liberty Bonds or other bonds of the government says:

"There is no provision of the Federal statutes under which the Government undertakes to protect the owner of lost or stolen coupon bonds of the Government, which are payable to bearer. Such bonds are negotiable and if the owner loses them, the loss is his and a bona fide purchaser from the finder or thief would be protected in his title."

This county holds over a million dollars in Liberty Bonds. Are yours placed where they will be safe? Safest of all is our Safety Deposit vault. Each person has his own burglar and fire proof compartment in a big vault that is as strong as it can be made. No one has access to the compartment but himself. Better have a safe place for your bonds—and other valuable papers. Let us show you.
